The Block and Bridle Emblem is significant to club members. It represents the principles on which the club is built. Character, sincerity and a moral life are asked of all the members when they join and the perpendicular lines of the "B" depict these characteristics. The distinct curves of the "B" are symbolic of the social pleasure, mental energy and determination of members. The meat block clever represents the material aspect of our lives. The bridle stands for the behavior of Block and Bridle members; the respect and mannerisms we show toward others, and the way we treat animals.

Ag Awareness is sponsored each spring by the Fort Hays State University Block and Bridle Club. It is an event to acquaint young children to the world of agriculture. Grade School children around the Hays area come out to the FHSU farm to be shown many different aspects of agriculture life.

Most Improved Organization

Nominations can be made for any campus organization or individual member that you feel is deserving of the award. Please use separate forms for each nomination. Copy this form as needed.

Justification for Nomination:

Each spring, Block and Bridle hosts a program called Ag Awareness. This program is for children, kindergarten through 5th grade, to expose them to agriculture and how it is important to Kansas, and important to feeding the world. It exposes them to how milk is produced, how crops are grown, how wool is produced and many other aspects of agriculture and its importance to the population. The club educates and tours more than 800 students each past spring, and will be hosting the event this spring again. Interactive displays are set up, using live animals and crops to illustrate different aspects of agriculture. It is a major undertaking to efficiently and smoothly handle 800 students through this event.

Please return to the University Activities Board office (basement of Memorial Union) by 4:00pm Friday, March 30th.
